## 1710ADA & 1790ADA Series Built-in Keyed Lock for Single Point Latch ADA Lockers

Use 1710/1714 for horizontal or multi-point latch lockers.  
 Use 1790 for Wrap Around Latch™ designed lockers.

ADA Compliant\*  
\*as defined on page 16

ADA Inspired

Consult your locker manufacturer for correct match.

**Wrap Around Latch™ Technology!**

Patent Pending

Uses same technology as automotive door lock systems

SIDE VIEW OF LOCKING SEQUENCE FOR 1790ADA

### EXCLUSIVE FEATURES

- Two keys provided for each lock
- Keys and keyheads are replaceable
- Key code is visible inside keyhead

#### Model 1710ADA Exclusive Features

- Manual deadbolt locking for horizontal and multi-point latch lockers

#### Model 1790ADA Exclusive Features

- Designed to tolerate locker misalignment; easier installations and less adjustments for the life of the lock
- Automatic slam shut with secure deadbolt locking for Wrap Around Latch™ lockers
- Allows flexibility of adapting locker for ADA usage whenever needed
- New latch wraps around a latch plate offering the best and most secure single point latch engagement

#### Built-in Keyed Lock Advantages

- High security, 5-pin tumbler cylinder for superior pick resistance
- Concealed mounting & rugged metal case deter vandalism
- 1710ADA and 1714ADA fits both left handed and right handed doors

#### Additional Options

- Model 1714ADA with spring bolt locking mechanism available for box and single point latch lockers
- Keyhead available individually, order # 1710-43959
- Keyed alike, master keyed and group keyed options available to provide complete flexibility to match a facility's requirements
