## STAIRWAY CONSTRUCTION

Stairways are constructed of heavy duty MC10 x 8.4# structural channel. Treads are 3/16" thick diamond plate, painted black. Handrails are constructed of 1-1/2" square x 14 ga. Square tube. IBC required inner handrail is 1-1/4" dia. Schedule #40 pipe. Top and bottom 12" lg. handrail extensions are standard on IBC stairs. Stairways are painted same color as mezzanine with yellow handrails.
